

Chateau Meddybemps®

Meddybemps Miniature Village™

Engine Shed

Optional
roof vent.

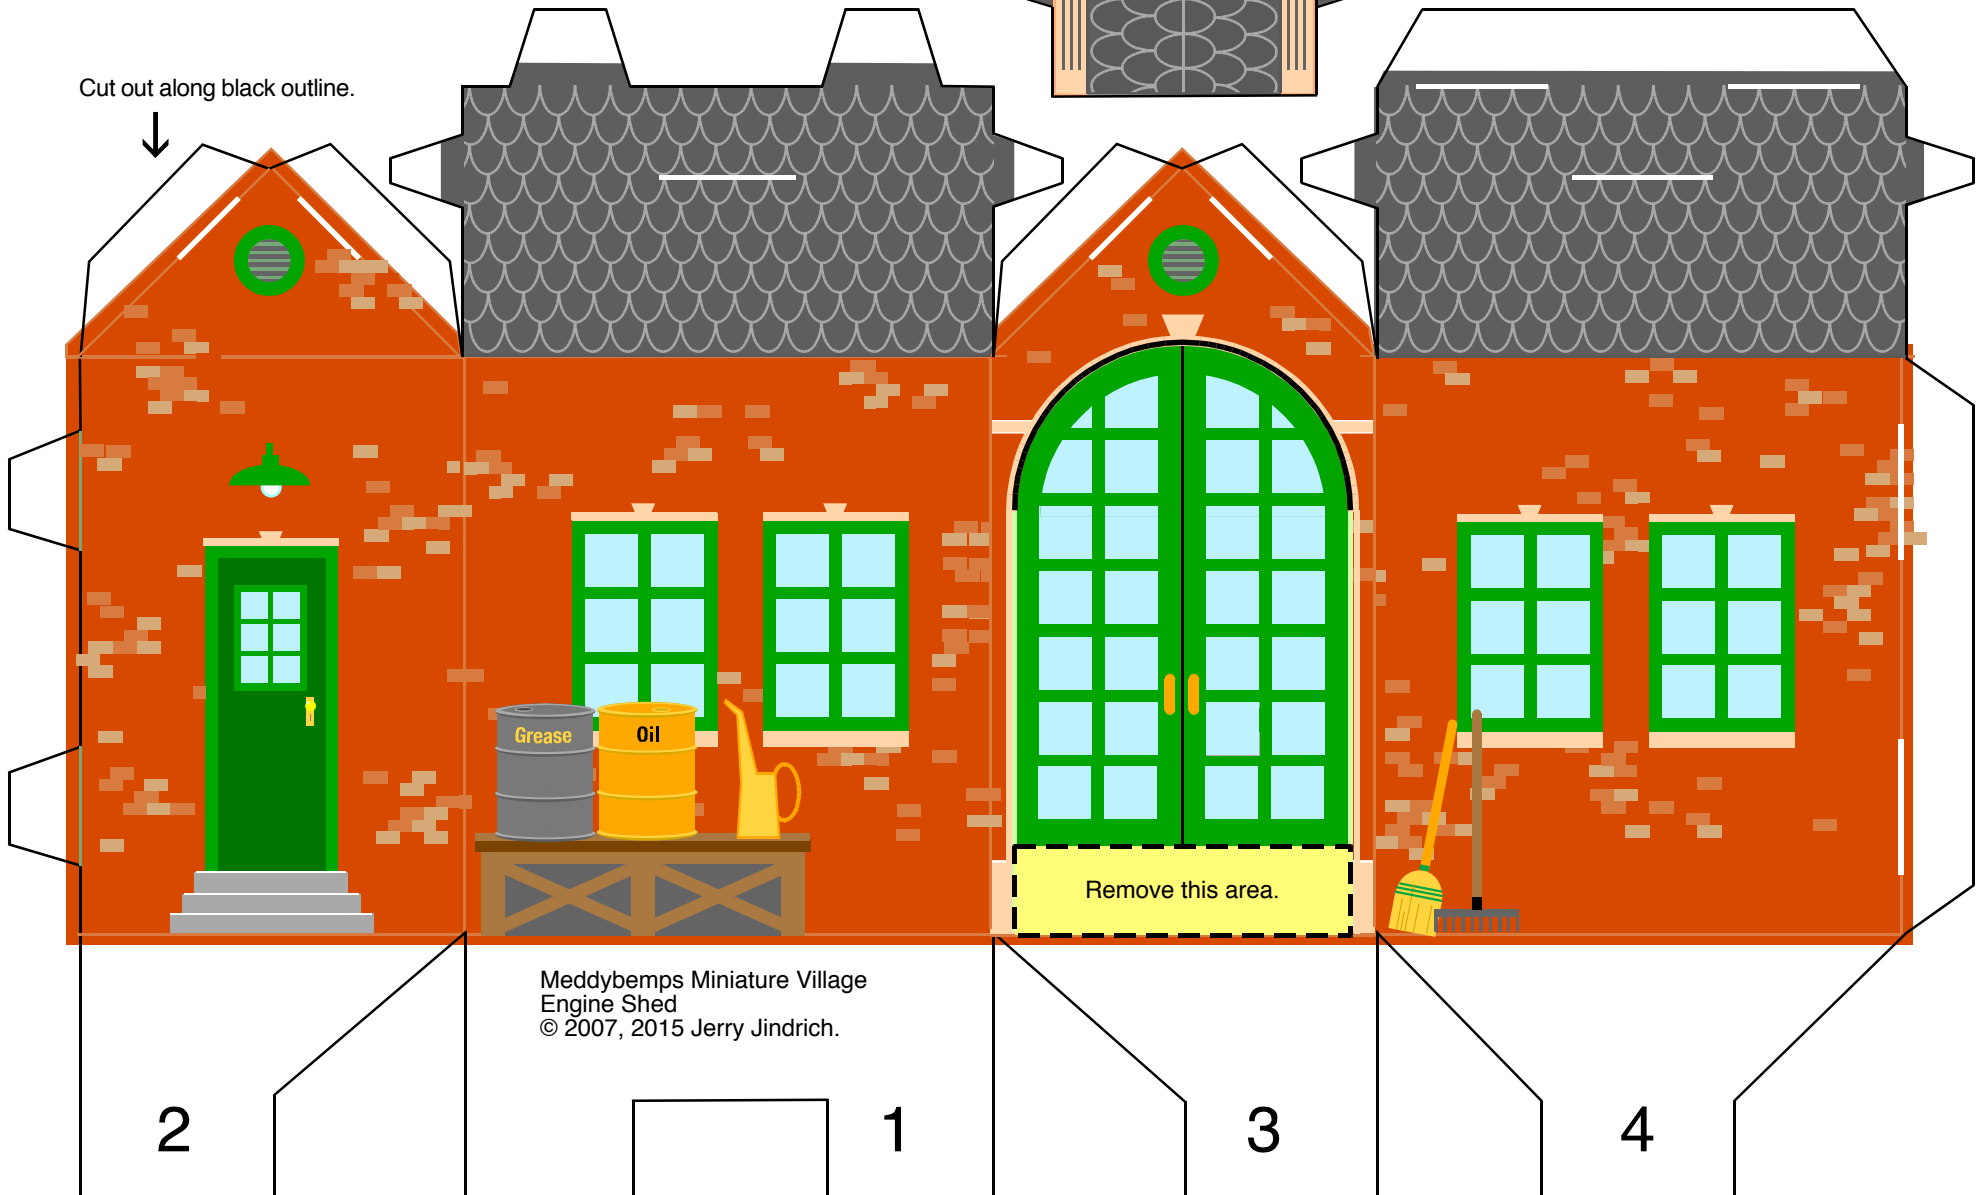

See finished
example
online.

This structure has a vent to be added to the roof. It also has doors to cut along the black lines and folded to open. Remove the yellow space to allow wooden track to go into building.

Cut slits where you see heavy white lines. Cut slits along black lines for the roof vent.

Cut out along black outline.
